Hizb ut Tahrir Organized Public Talks in Front of Several Mosques in Remembrance of the 94th Anniversary of the Destruction of the Blessed Khilafah

Hizb ut Tahrir organized public talks in front of several mosques across Dhaka, Chittagong and Sylhet after Jumma prayers today to commemorate the destruction of the Khilafah state on the 28th of Rajab 1342 Hijri (3rd March, 1924 CE) by the hateful Mustafa Kemal in collaboration with the malicious West. The speakers reminded the audience that it was the very day after which the Muslims became orphans and got into the abysmal hole of oppression and misery that are being enforced upon them ruthlessly. By dividing the Khilafah into more than fifty weak and insignificant states, the Western powers had installed treacherous rulers therein who collaborated in every excess against the Ummah and kept distracting them from demanding the true solution, that is, Khilafah. The people are being constantly indoctrinated into thinking that lack of education, good governance and democracy etc are the causes of underdevelopment of the Muslim world, whereas by now it is as plain as day that all our so-called underdevelopments are the consequences of the demolition of the Khilafah. During the more than 1300-year tenure of the Khilafah, never have we witnessed such widespread poverty, hunger, illiteracy and malnutrition as today, count of which are escalating every day. And having fallen from being the leading state to some miserable client statelets, today we witness that the blood and honour of the Muslims have become the cheapest commodity of the earth with the Kuffar's onslaught against the Ummah ever increasing. Yet the agent rulers are desperately trying in cahoots with the pseudo-intellectuals to keep the Muslims distant from the Khilafah by maintaining a façade of democracy. Furthermore, the poisonous flames of nationalism are being fanned on purpose in order to keep us divided and mired in unending internal conflicts to delay the return of the promised Khilafah.

The speakers then told the audience that Hasina-Khaleda regimes are also carrying the same legacy of treachery against Islam and the Muslims. Since the birth of this nation, all these regimes have been the eyes and ears of their colonial masters; they rush to compete with one another only to secure their thrones by maintaining the geo-political interests of their masters in this region. Also they spread lies and deceitful ideas about Islam and secular democracy in order to keep the Ummah ignorant of the reality that Islam and secular Kufr can never coexist. But the hardest resistance these agents are now facing is the resilience of the sincere workers of **Hizb ut Tahrir** who never let the Muslims get distracted away from this struggle between Islam and Kufr. Bearing the risk of imprisonment and torture, our members and activists have always kept the idea of Khilafah alive and the impact of the loss of it. They are always at the forefront to expose the treacherous rulers for their crime against Islam and the Ummah. In the end, the speakers called upon the Ummah to abandon the agent and criminal rulers like Hasina, and to redouble their efforts to uproot the evil secular democracy from this land and re-establish the Khilafah state to save themselves from the sin of dying a death of Jahiliyyah.

"And whoever dies without having an oath of allegiance (Bay'ah) on his neck he would die the death of Jahiliyyah." (*Sahih Muslim*)
