During her Visit to India, Tulsi Gabbard in her Statement expressed Commitment for the USA-India Partnership and the Fight against Islam and Muslims

While the hateful comments made by National Intelligence Chief of Crusader America, Tulsi Gabbard during her visit to India on persecution of minorities in Bangladesh and the 'Islamic Caliphate' did not shock the politically conscious and Islam-loving people of this country, it removed the last shame of the American agents in Bangladesh. Because these agents promoted the inevitable acceptance of America as a friend of Bangladesh to confront India and assured the Islam-loving people of this country that America had abandoned the policy of "war on Islam". Whereas the fact is, even if the leadership of America changes, their 'foreign policy' does not change. Rather, the arrogant Trump or his administration likes to insult his agents and reveal the motives behind their 'foreign policy'. For this he has demanded the accountability of the \$29 million that was paid to the agents to change the political landscape of Bangladesh, while using such money to control the politics of a sovereign country is a grave crime and is tantamount to interference in the internal affairs of another country. The American agents in Bangladesh have always misled the people, saying that even if America supports the accursed Jewish entity to massacre and displace the Muslims of Palestine, it will stand by our country in confronting Indian aggression. Whereas in reality, just as America is waging war against Islam and Muslims through terror by supporting the illegal Jewish entity in the Arab region, in this region America is similarly promoting its war against Islam and Muslims, using India as its regional watchdog. Allah ﷻ clearly warns us about the Kafir Colonialists and their agents in this regard: **"O you who have believed, do not take the Jews and the Christians as allies. They are [in fact] allies of one another. And whoever is an ally to them among you - then indeed, he is [one] of them. Indeed, Allāh guides not the wrongdoing people"** [Surah Al-Maidah: 51]. Because America knows that Muslims are the severe enemy of the illegal Jewish entity of Israel and the polytheist state of India; **"You will surely find the most intense of the people in animosity toward the believers [to be] the Jews and those who associate others with Allāh"** [Surah Al-Maidah: 82].

You have seen that the interim government, to cover its shame, has sent a so-called condemnation on Tulsi Gabbard's statement, but has reiterated their commitment to suppress Muslims by labeling the demand for Islamic rule by the people of this Muslim-dominated country as 'Islamic terrorism'. These agents are so submissive and stupid that they have not dared to ask America a single question in protest against them! Why has Tulsi Gabbard not expressed concern about why the minority Muslims in India being continuously persecuted with the support of the Indian State? The world has witnessed how the minority Muslims in India are being persecuted by Hindutva extremists at the very moment that Tulsi is in India. They have not even uttered a word about why India has given shelter to 'fascist Hasina'? The American agents have not asked these questions because they are aware of the USA-India nexus in the region. O People! Ask your conscience, despite the USA-India's stance against the people of the country, what other excuse can there be for not considering the Kafir Colonialist America and her regional henchman India as enemies of the Muslim Ummah? Many are even sensing the rehabilitation of the tyrant Hasina in Tulsi Gabbard's statement. Therefore, **Hizb ut Tahrir's** call to the aware people, sincere politicians and intellectuals, and members of the military is that, we must unite to resist the USA-India agenda of returning of the tyrant Hasina or establishing any other agent in her place and thwart the USA-India conspiracy against Islam and Muslims.

O People! You know that the United States, the advocate of the secular-capitalist system, is now a 'sick man' and the secular-capitalist system is condemned as a wrong and oppressive system worldwide. Therefore, the United States of America is afraid of the return of the just rule- the Khilafah system. In the seven hundred years of Muslim rule in this region, when Muslims and non-Muslims lived peacefully, the 'narrative' of the negative impact of the emergence of the Islamic Khilafah (Caliphate) on non-Muslims by the USA intelligence chief Tulsi is a big lie and an expression of their political bankruptcy. In fact, only the upcoming Khilafah system will free this region from the geopolitical plots of the Western Colonialist States and

the Hindutva ruling class that succeeded the tyrannical King Dahir, and restore regional stability, insha'Allah. Therefore, all people must unite with **Hizb ut Tahrir** and advance the work of establishing the Khilafah on the method of Prophethood.

﴿وَكَذَلِكَ جَعَلْنَاكُمْ أُمَّةً وَسَطًا لِتَكُونُوا شُهَدَاءَ عَلَى النَّاسِ وَيَكُونَ الرَّسُولُ عَلَيْكُمْ شَهِيدًا﴾

“And thus We have made you a median [i.e., just] community that you will be witnesses over the people and the Messenger will be a witness over you” [Surah Al-Baqarah: 143].
